

AFDOSS 2016 Update

Matt Colson

*Florida Department of Agriculture and
Consumer Services*

9/12/16

Accomplishments

Data call survey for Partnership for Food Protection (PFP) IT workgroup, data sharing project

- Survey collected information on state food inspection data elements
- Asked states if they were willing to share data electronically with other agencies (other states, FDA)
- Preparation for data sharing pilot, which is currently ongoing
 - Starting by electronic transfer of FDA food contract data elements (what is currently input into eSAF).

Accomplishments

Human PC Adoption survey

- Identified when states intend to adopt 21 CFR 117 (PC rule)
- Information assisted DHRD with developing the training model plan for states, and determining state PC training needs
- MFRPA grants for PC training...coming soon from AFDO!

Current Projects

PFP Work Planning and Inspections WG

- Gathering inspection frequency information from state program managers
- MFRPA regional reps will interview each of their states and report back to MFRPA Board and PFP Work Planning and Inspections WG
- Revisiting Best Practices document- FSMA frequency, allocating resources based on risk

MFRPA Committees

- Standards Comparison: Identify, collect and review existing Standards Comparison Documents (VNRFP RS, MFRPS, AFRPS). Identify gaps and opportunities for harmonization to update MFRPS.
- FSMA Rule Update: Collect and review existing FDA FSMA-MFRPS analysis document and provide input and comments from a MFRPA state perspective. Document additional revisions that may need to be made to the MFRPS based on this analysis.
- Sampling Standards: Analyze and compare AFRPS Standard 11 and GOODSamples framework and other sampling initiatives to determine if a separate sampling standard is needed or what/if sampling updates should be made to Standard 3.
- Standards Change Process: Review existing MFRPS revision process (flowchart) and specifically document the Alliance portion of the process creating written procedures (SOP) This would include revisions and process improvements to the existing MRFPA process.

MFRPA Committees

- You can sign up on the MFRPA webpage at: <http://www.afdo.org/mfrpa> by clicking “Join Sub-committee”.

2017 MFRPA Meeting

Save the Date!
